**Teacher's academic profile:** I completed my M.A. and PhD at IBSU. I have been working at TIU since 2010. I have participated in various conferences, seminars, workshops and panels. I have published more than 20 articles in several journals.

**Course Objectives:** The Advanced English Course has been designed to sharpen students` skills in reading, writing, and study skills. At the end of the lesson, students will be able: - to command English precisely. - to improve their English in a written and spoken format once they join the lessons actively. - to develop strategies to improve reading speed. - to explore and evaluate research techniques.

**Course Description (Course overview):** The course reinforces academic writing skills. In this course students write different types of essays based on the ideas they are exposed to in the reading selections. The emphasis is on the writing process in which students go through many stages from brainstorming and outlining to producing a complete documented piece of writing.
